

TARIQ MOHAMMED AREESH

COMPUTER SCIENCE STUDENT

About Me

A Computer Science student, interested in internet of things (IoT), and developing the ESP32 Microcontroller using C language, I have basic knowledge in front-end web development (HTML, CSS, JS, and JSON) as well as SQL.

Email: tariqmohammedareesh@gmail.com

Address: Saudi Arabia, Jeddah

Education

Bachelor of Computer Science | 2021 - 2026

King Abdulaziz University,

GPA: 4.89

Three certifications of excellence, years: (2021-2022), (2022-2023), (2023-2024)

Certifications

The Arduino Platform and C Programming (Coursera) | Feb 23, 2025

University of California, Irvine

Projects

- **"Mawgif" App Redesign using figma | 2025**

A redesigned of the Mawgif app interface to address usability issues, applying principles learned from the Human-Computer Interaction (HCI) course.

- **ESP32 Web-Based Potentiometer Analog Data Display | 2025**

A simple website that displays Potentiometer Analog data in real time using JSON and ESP32 wifi capabilities.

- **Quran mp3 player (py-tkinter) | 2024**

UI mp3 player application developed with python's librarys: tkinter for UI, pygame for audio, and PIL for image display.

- **Dental Game-Based Website | 2023**

An educational website developed using front-end basics like: HTML, CSS, JS, and fetching data using JSON, it was developed for senior dental students at the Faculty of Dentistry in KAU University for their final project, it contains sections with Multiple choice questins and drag-and-drop mini games.

- **"EXPO" Hotel Management Database | 2023**

A database designed for the faculty's database course project (CPCS-241) at kau, fcit, applying principles for designing well structured database.

technical skills

- **Languages:** C/C++, Java, Javascript, Python.
- **Development tools:** VS code, Netbeans, platformio (Microcontroller development).
- **Databases:** Firebase, Orcale SQL.

Soft skills & Languages

- **Teamwork**
- **Problem solving**
- **Adaptability**
- **Arabic**
- **English**

Address: Saudi Arabia, Jeddah

PERSONAL STATEMENT

A motivated Computer Science student with a strong academic background and a passion for embedded systems and low-level programming. Skilled in Java, C#, C, Python, and MATLAB, with hands-on experience in system design and real-time applications. Seeking a co-op opportunity to apply my skills and gain industry experience.

EDUCATION

Bachelor of Computer Science

Aug 2021 - Expected Graduation 2026

King AbdulAziz University

- GPA: 4.78
- Three Certificate of Excellence (2022, 2023, 2024)

PROJECTS

Flappy Bird Clone (Game Development)

Jul 2024

- Developed a Flappy Bird-style game using Unity and C#
- Implemented game mechanics like jumping, obstacles, and scoring system
- Used Unity's physics engine for smooth gameplay
- Designed UI elements and animations to enhance the player experience

TCP/IP Packet Demultiplexer

Apr 2025

- uilt a real-time TCP packet-capture tool in C using libpcap/Npcap and Windows Sockets, filtering live traffic from any chosen interface
- Structured the code into three clean modules—Packet Capture, Packet Handler, Data Storage—for easy maintenance and testing
- Wrote each packet to disk with a unique, timestamped filename [YYYYMMDD_HHMMSS]srcIP.srcPort-dstIP.dstPort.bin, enabling rapid offline protocol analysis
- Achieved full unit- and integration-test passes and demonstrated the tool live; project received top marks for code quality, testing, and documentation in the course evaluation

Timer MM:SS

May 2024

- Developed using CEDAR Simulator
- Implemented accurate time tracking and UI updates

Hotel Reservation Database

May 2024

- Designed ER diagrams and normalized the database (1NF, 2NF, 3NF)
- Created SQL scripts, constraints, and triggers for data integrity and automation.
- Built queries for room availability, customer transactions, and reviews.

TECHNICAL SKILLS

Languages: IDEs & Tools:

- Java
- C#
- C
- Python
- MATLAB
- JavaScript
- NetBeans
- VSCode
- Unity

SOFT SKILLS

- Problem-Solving
- Critical Thinking
- Teamwork & Collaboration
- Communication Skills
- Adaptability
- Time Management
- Self-Learning

LANGUAGES

- Arabic Native
- English Proficient
